

Parents of Parkside Panthers,

We hope everyone has a Happy Thanksgiving, today is the last day of school this week. We will see students back at school Monday, November 30<sup>th</sup>.

As we are seeing the Covid-19 Case numbers rise in our county and state, we are seeing more students quarantined. Enclosed in this email are documents outlining how Parkside Elementary will respond to quarantine situations. Please do not hesitate to reach out to us with suggestions, comments, or concerns.

We will not be holding our Minecraft and Drama clubs for the month of December. We are currently working on being able to apply the new state mandate and hope to bring back these activities in a modified way in January.

We are also limiting the number of people we have in our building during the month of December, as a result, we will not have parent volunteers coming in to help. We are hoping that a decrease in the number of Covid-19 cases will allow us to again invite parent volunteers into our school in January.

We appreciate your support and patience as we work to provide the best educational experience during these unusual times. Please have a safe and Happy Thanksgiving.
